

BLENDED LEARNING ROADMAP: The Pathway to Personalization

STRAND

In a 21st century classroom the teacher becomes a facilitator, students become active owners of their learning, modalities of learning expand, and learning is personalized.

Transforming today's traditional classroom to the 21st century classroom is a complex endeavor. The Redbird Blended Learning Roadmap provides a framework for schools and districts to achieve 21st century learning through carefully planned, incremental steps and ongoing capacity building of teachers and instructional leadership.
